

## Caio Martins Quintanilha Souza LOG Manhã]

<https://github.com/Quintanilhacaio/GitHub-web-Caio-Martins-Quintanilha-Souza>

The screenshot shows the 'Create a new repository' page on GitHub. In the 'General' section, the owner is set to 'Quintanilhacaio' and the repository name is 'GitHub-web-Caio Martins Quintanilha Souza'. A note indicates that the repository will be created as 'Github-web-Caio-Martins-Quintanilha-Souza'. Below this, there's a suggestion to use 'probable\_meme' instead. In the 'Description' section, the description is 'Atividade prática GitHub Web'. In the 'Configuration' section, the visibility is set to 'Public', 'Add README' is turned 'On', 'Add .gitignore' is set to 'No .gitignore', and 'Add license' is set to 'No license'. At the bottom right, a green 'Create repository' button is visible.

The screenshot shows the main repository page for 'GitHub-web-Caio-Martins-Quintanilha-Souza'. It displays the repository details: 'main' branch, 1 branch, 0 tags, 1 commit from 'Quintanilhacaio' (now), and a file named 'README.md' (Initial commit). The repository is public and has 0 stars, 0 watching, and 0 forks. On the right, there are sections for 'About' (repository description), 'Releases' (no releases published), and 'Packages' (no packages published).

The screenshot shows the GitHub commit dialog for the 'README.md' file. The commit message is 'Update README.md'. There is an 'Extended description' field with placeholder text 'Add an optional extended description...'. Two radio buttons are present: 'Commit directly to the main branch' (selected) and 'Create a new branch for this commit and start a pull request'. At the bottom are 'Cancel' and 'Commit changes' buttons. A note at the bottom of the dialog says 'Use control + shift + ← to toggle the tab key moving focus. Alternatively, use esc then tab to move to the next interactive element on the page.'

The screenshot shows the GitHub interface for the repository 'GitHub-web-Caio-Martins-Quintanilha-Souza'. The 'Code' tab is selected. In the sidebar, the 'main' branch is selected. The main area displays the contents of the 'README.md' file, which contains the text 'GitHub-web-Caio-Martins-Quintanilha-Souza' and 'Atividade prática GitHub Web Sobre tecnologias'.

The screenshot shows the GitHub interface for the repository 'GitHub-web-Caio-Martins-Quintanilha-Souza'. The 'Code' tab is selected. In the sidebar, the 'main' branch is selected. A commit dialog is open, prompting the user to create a README.MD file. The commit message is 'Create README.MD'. The 'Commit directly to the main branch' option is selected. The 'Commit changes' button is highlighted in green.

The screenshot shows the GitHub interface for the repository 'GitHub-web-Caio-Martins-Quintanilha-Souza'. The 'Code' tab is selected. In the sidebar, the 'aulas' branch is selected. The main area shows the updated directory structure: 'main' contains 'README.md', and 'aulas' contains 'README.MD'. The 'README.MD' file in 'aulas' has the content '#Pasta Aulas'.

The screenshot shows the GitHub interface for a repository named 'GitHub-web-Caio-Martins-Quintanilha-Souza'. The 'aulas' folder is selected in the sidebar. The 'index.html' file is open in the main editor area, displaying the following content:

```
#Pasta Aulas
```

The screenshot shows the GitHub interface for the same repository. The 'index.html' file is selected in the sidebar. The file content is displayed in the main editor area:

```
1  HTML_Basico
```

The screenshot shows the GitHub interface for the repository. The 'aulas' folder is selected in the sidebar. The 'index.html' file is open in the main editor area, displaying the following content:

```
#Pasta Aulas
```

At the bottom of the screen, the Windows taskbar is visible with icons for Start, Search, Task View, File Explorer, and Google Chrome. The system tray shows battery level (POR PTB2), signal strength (09), and the date and time (27/02/2026 11:41).

The screenshot shows a GitHub repository page for 'GitHub-web-Caio-Martins-Quintanilha-Souza'. The 'aulas' folder is selected in the sidebar. The main area displays a file tree with 'main', 'aulas', and several files like 'Ficheiro\_Corinthians\_simbolo.htm', 'READMEMD', 'index.html', and 'README.md'. A commit history table shows four commits from 'Quintanilhaacao': 'Add files via upload' (now), 'Create README.MD' (12 minutes ago), and 'Create index.html' (3 minutes ago). The 'README.MD' file content is '#Pasta Aulas'.

The screenshot shows the 'Access' section of the repository settings. It indicates the repository is 'Public repository' and visible to anyone. Under 'Direct access', it shows '1 entity has access to this repository: 0 collaborators, 1 invitation'. A 'Manage access' section lists 'Claudio Lima' with a 'Pending invite' status. The sidebar includes sections for General, Access, Collaborators, Moderation options, Code and automation, Branches, Tags, Rules, Actions, Models, Webhooks, Copilot, Environments, Codespaces, Pages, Security, Advanced Security, Deploy keys, Secrets and variables, Integrations, GitHub Apps, and Email notifications.

The screenshot shows the GitHub repository settings page for the repository "Quintanilhaacai/GitHub-web-C". The page is divided into several sections:

- Pushes**: A section where you can limit how many branches and tags can be updated in a single push. There is a checkbox for "Limit how many branches and tags can be updated in a single push" with a "Preview" link and a note that pushes will be rejected if they attempt to update more than this.
- Issues**: A section for managing issues after merging pull requests. It includes a checkbox for "Auto-close issues with merged linked pull requests" which is checked, and a note that whenever linked pull requests have merged, the issue will be auto-closed.
- Danger Zone**: A section containing four buttons for repository management:
  - Change repository visibility**: This repository is currently public. Includes a "Change visibility" button.
  - Disable branch protection rules**: Disable branch protection rules enforcement and APIs. Includes a "Disable branch protection rules" button.
  - Transfer ownership**: Transfer this repository to another user or to an organization where you have the ability to create repositories. Includes a "Transfer" button.
  - Archive this repository**: Mark this repository as archived and read-only. Includes an "Archive this repository" button.
- Delete this repository**: A button to delete the repository, with a note that once deleted, there is no going back. Includes a "Delete this repository" button.

At the bottom of the page, there is a footer with links to GitHub Inc., Terms, Privacy, Security, Status, Community, Docs, Contact, Manage cookies, and a note not to share personal information. On the right side, there is a system tray with icons for battery, signal, and date/time (11:47, 27/02/2026).
